GENESIS OF DM ACT & NDRF

SETTING UP A DM MECHANISM

- **2002** : Disaster Management shifted from **Ministry of Agriculture to MHA**
- **Until 2005** : Reactive & Relief-Centric.
- **2005** : **Enactment of Disaster Management Act.**
 - ✓ The creation of a policy, legal and institutional framework, backed by effective statutory and financial support.
- **Paradigm shift** : Moving over from a reactive and relief centric approach to a holistic and integrated approach with emphasis on **prevention, mitigation and preparedness.**

NATIONAL DISASTER MANAGEMENT STRUCTURE

RAISING OF NDRF

Chapter VIII, DM Act -2005 - Constitution of the National Disaster Response Force (NDRF) for the purpose of specialized response to natural and man-made disasters.

- **Sec 44 (i) of the Act** : NDRF : a '**Specialist Force**' to respond to disasters/threatening disaster.
- The Members of the Force have been taken on deputation from elite Central Armed Police Forces (CAPFs).

NDRF : Unique Features

1. Humanitarian **main field responder** of the Government of India.
2. **Amalgamation** of different Central Armed Police Forces of the country.
3. **Multi-skilled**, high-tech force capable of dealing with all types of natural and man-made disasters.
4. Largest **Stand-alone** Dedicated Disaster Response Force trained & equipped as per international standards.
5. Paramedics trained in disaster **medical emergency management** with each team.
6. Well trained **canine squad** in every team.

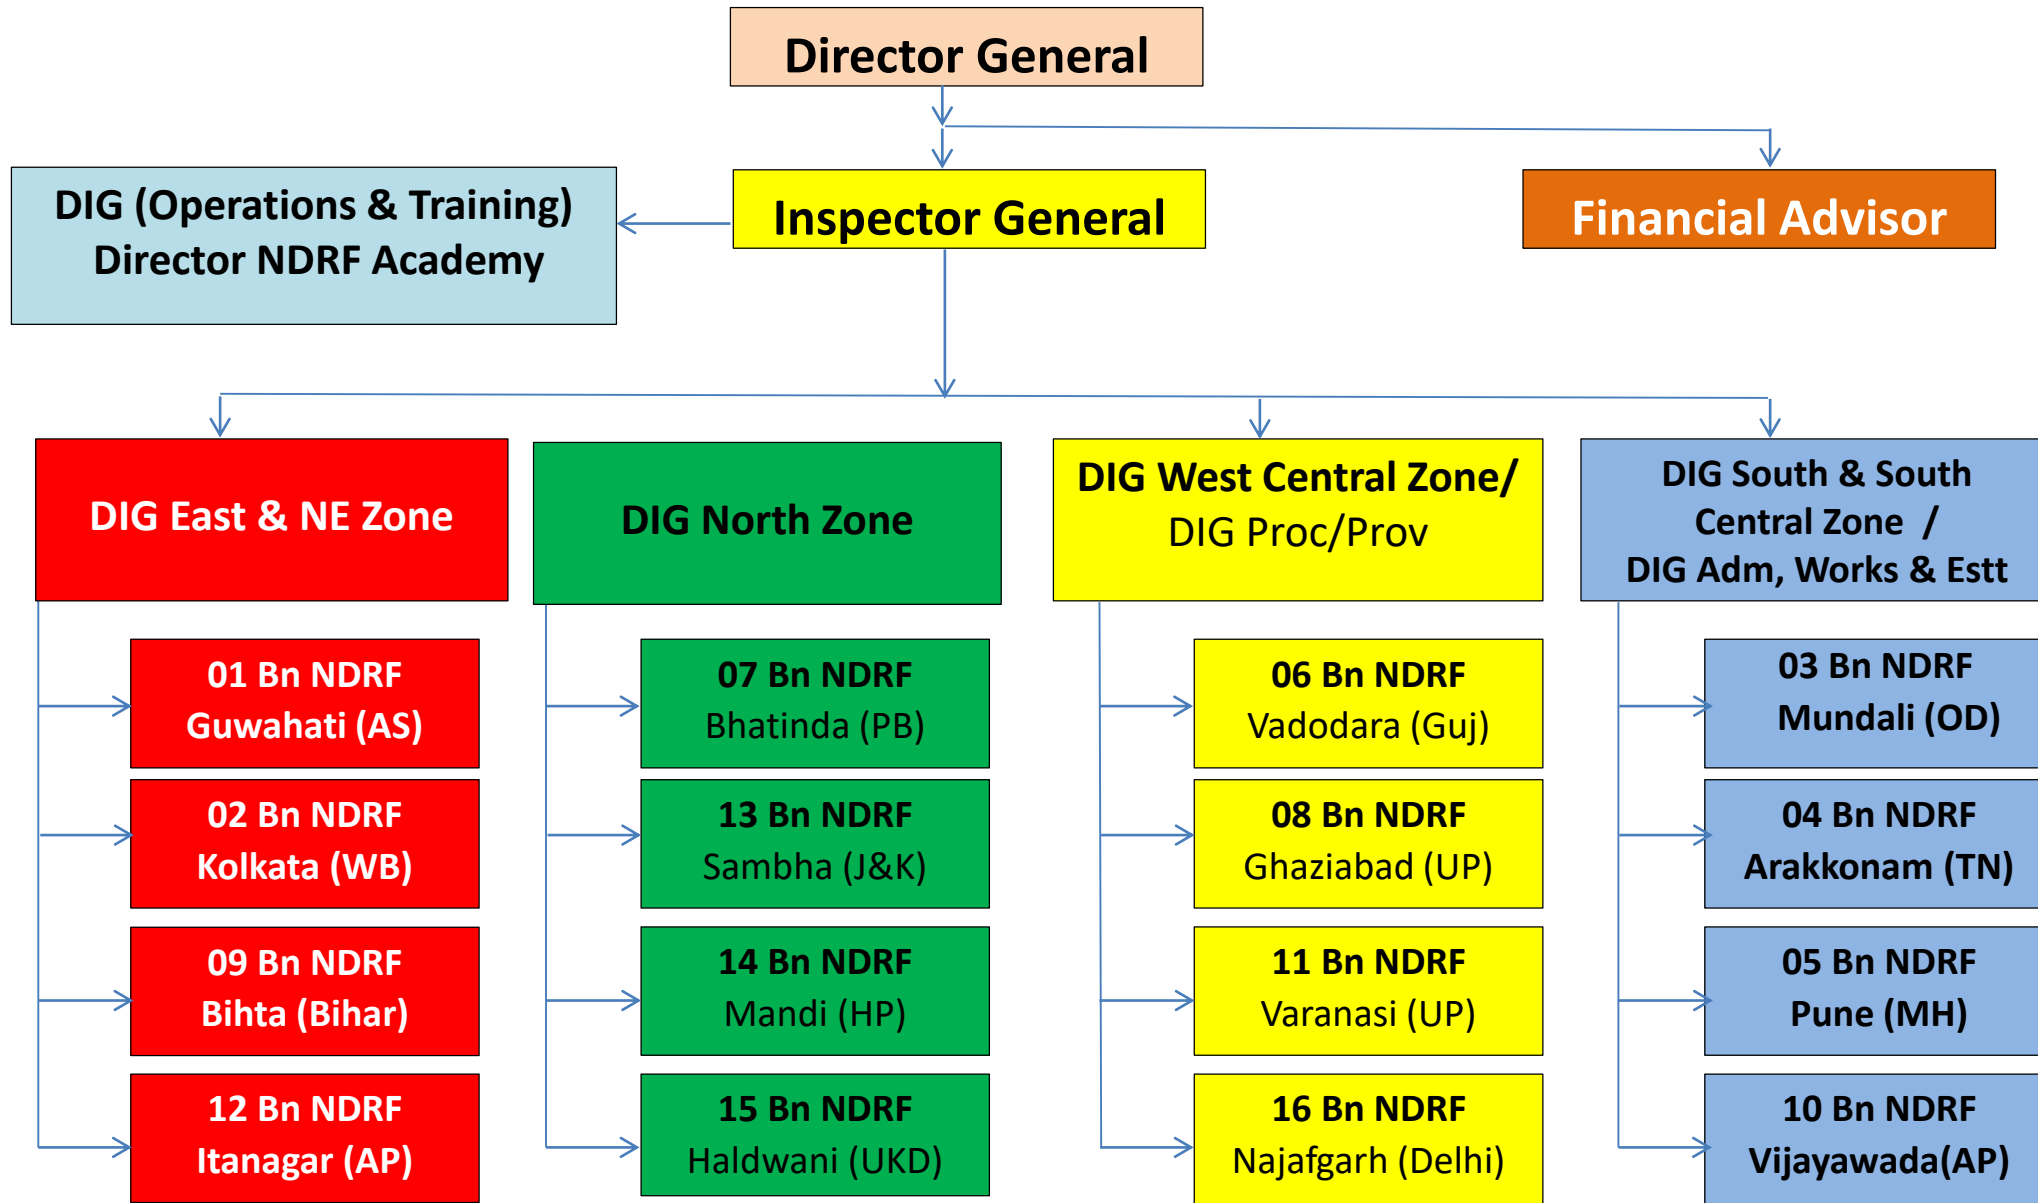

NDRF : Unique Features

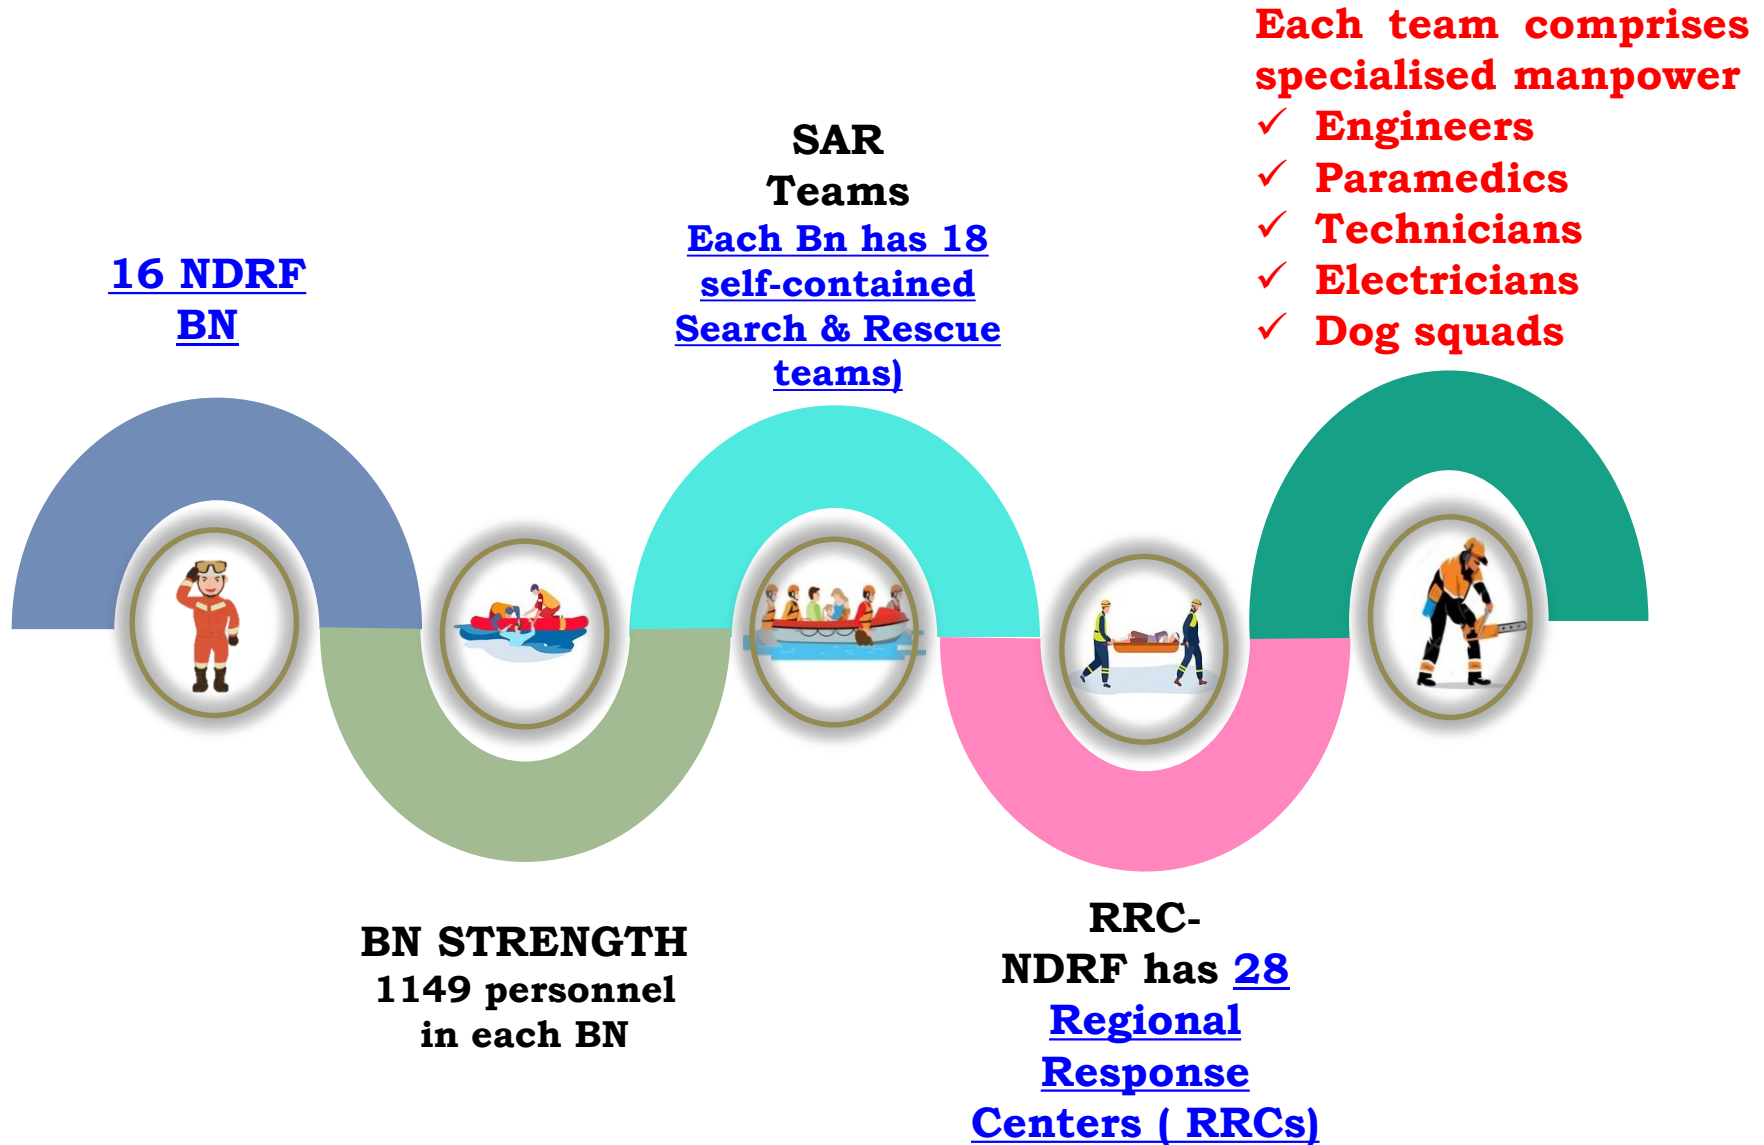

7. **Minimal Response Time :**
 - a) 'Proactive availability' to States
 - b) 'Pre-positioning' in threatening disaster scenario
8. **Self-contained** All-in-One units
9. **Collaborative Capacity Building:** Extend the Capacity.
 - a) All Bns trained and equipped for all natural disasters and for CBRN emergencies.
 - b) Capable of carrying out disaster response operations within the Country, in the region & **Internationally**.

ORGANIZATION

NDRF : COMPOSITION

ROLE OF NDRF: ACT AND TRAIN

Specialized Response

**During
Disaster**

**Impending
Disaster**

Pro-active
deployment
during an
impending
disaster situation

NDRF

**Non-
Disaster
period**

- ❖ Acquire new skills and upgrade existing ones.
- ❖ Impart basic and operational level training to State Disaster Response Forces (Police, Civil Defence and Home Guards).
- ❖ Assist in community training and preparedness (Community Capacity Development).
- ❖ Liaison, reconnaissance, vulnerability and disaster mapping, rehearsals and mock drills.
- ❖ FAMEx

REQUISITIONING AUTHORITY

The following State Government Authorities can seek requisition for NDRF teams :-

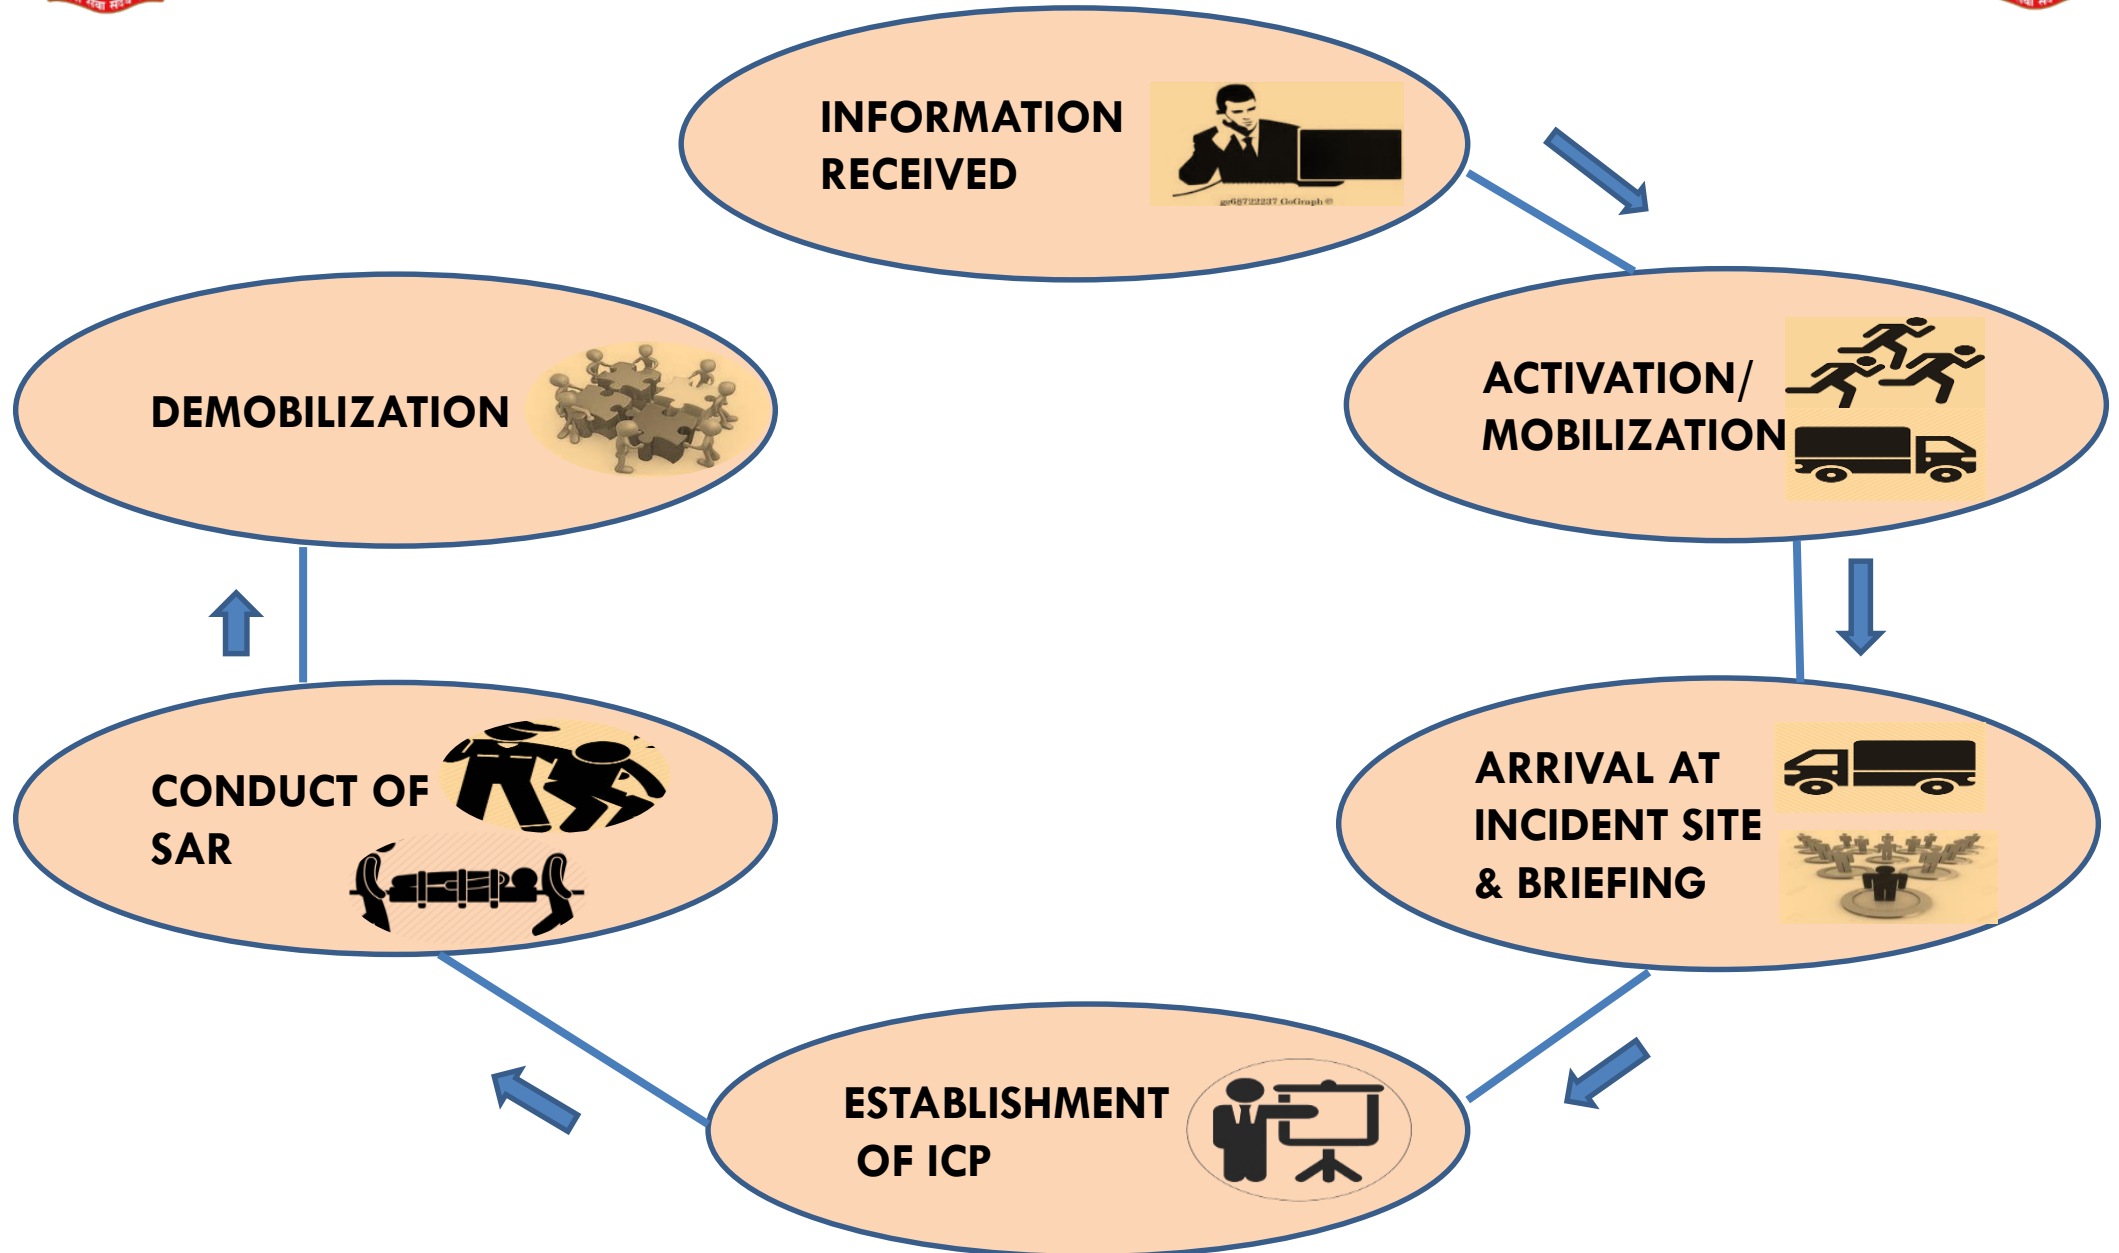

- 1.Principal Secretaries of the States dealing with DM**
- 2.Relief Commissioners of the States**
- 3.Collectors/DCs /DMs of the districts**

AUTHORITY TO ACCEPT REQUISITION

1. NDRF Teams can be requisitioned for natural as well as manmade disasters. This requisition can be sent to the following:-
 - (a) MHA
 - (b) NDMA
 - (c) HQ NDRF
 - (d) NDRF BNs
2. HQ NDRF takes decision in consultation with respective Commandant and same is intimated to MHA / NDMA.
3. During emergency, Unit Commandants are empowered to deploy teams immediately under intimation to HQ NDRF.

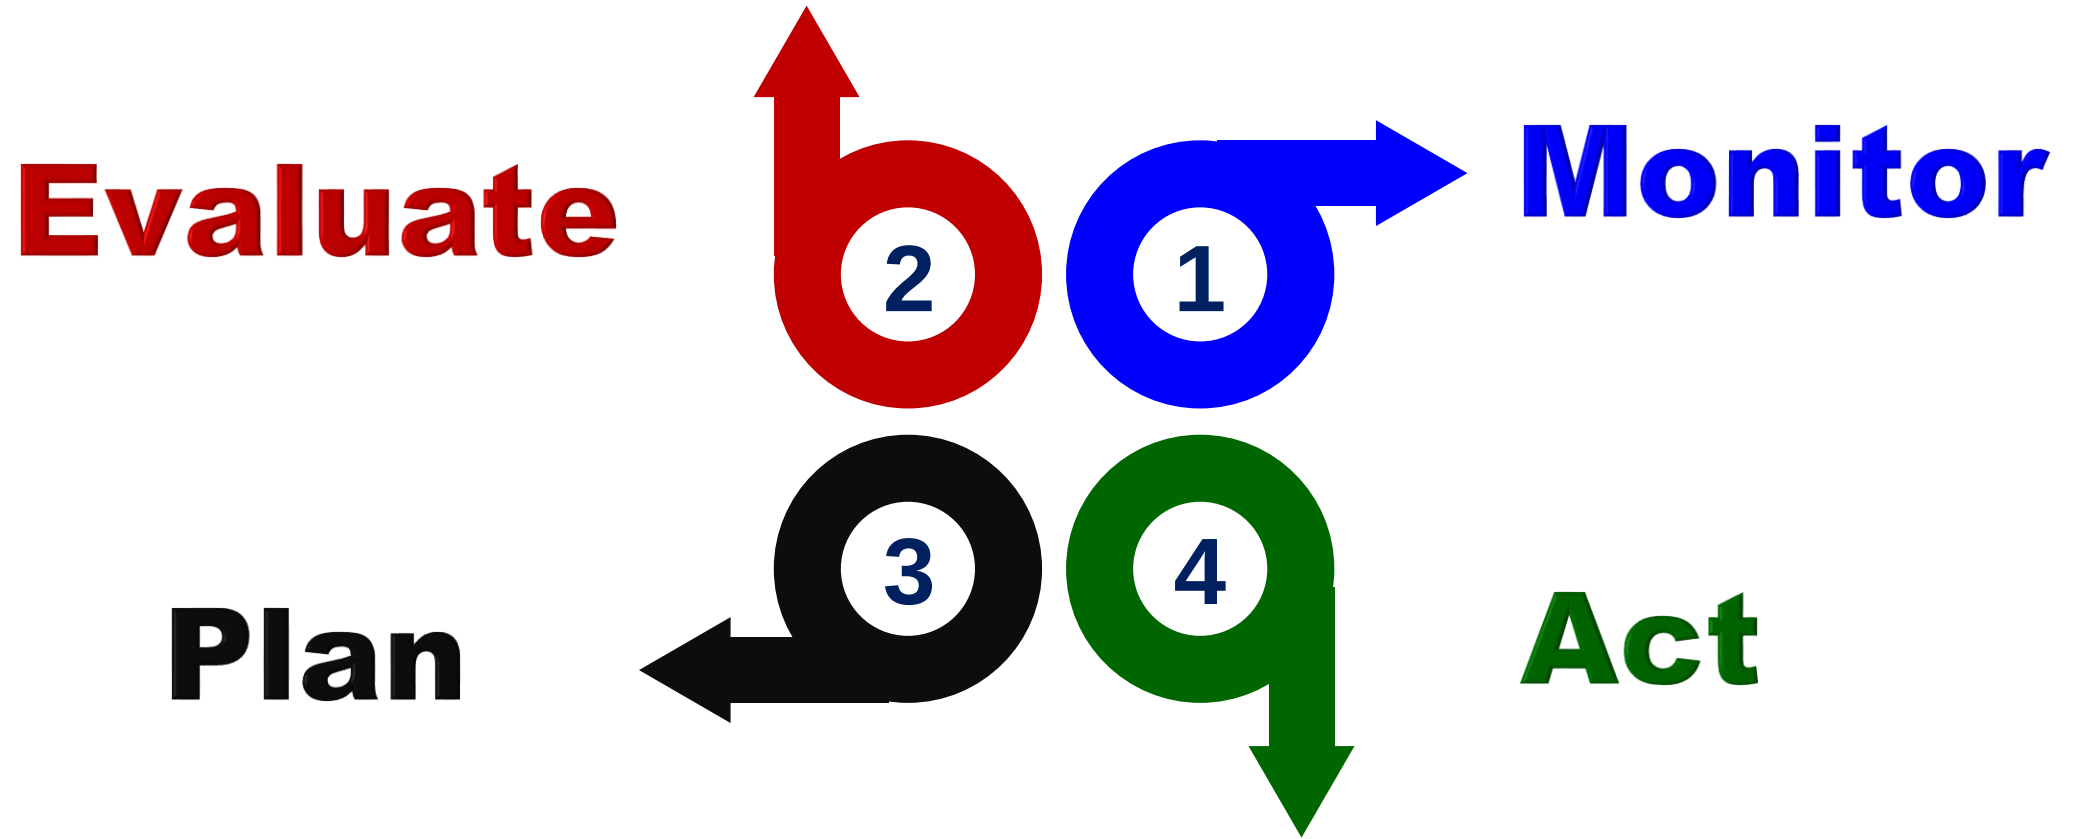

RESPONSE MECHANISM

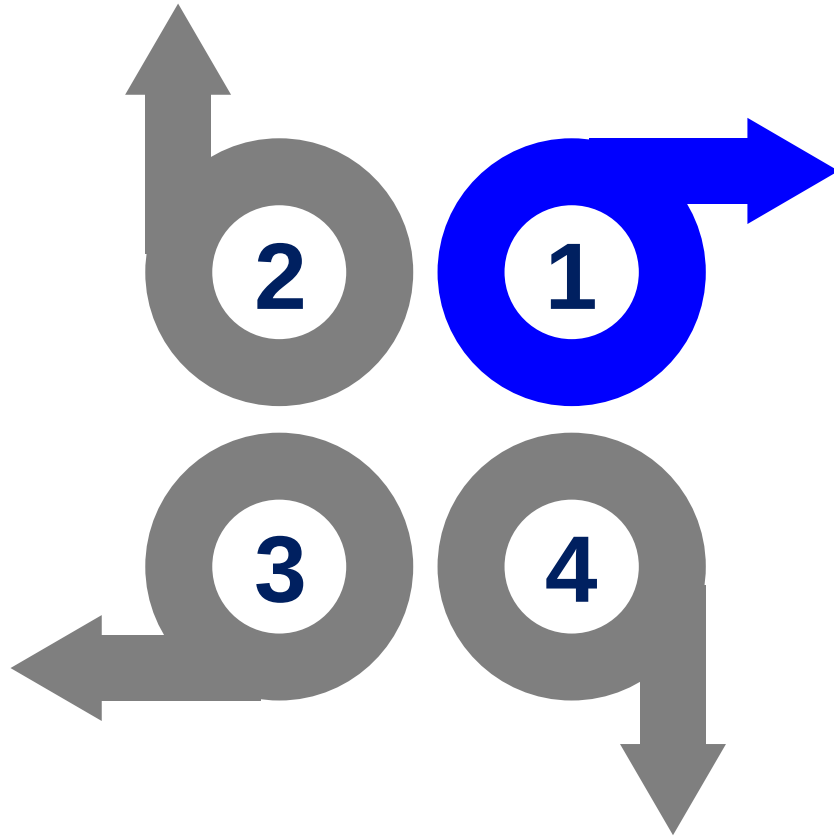

CONCEPT OF OPERATION

CONCEPT OF OPERATION

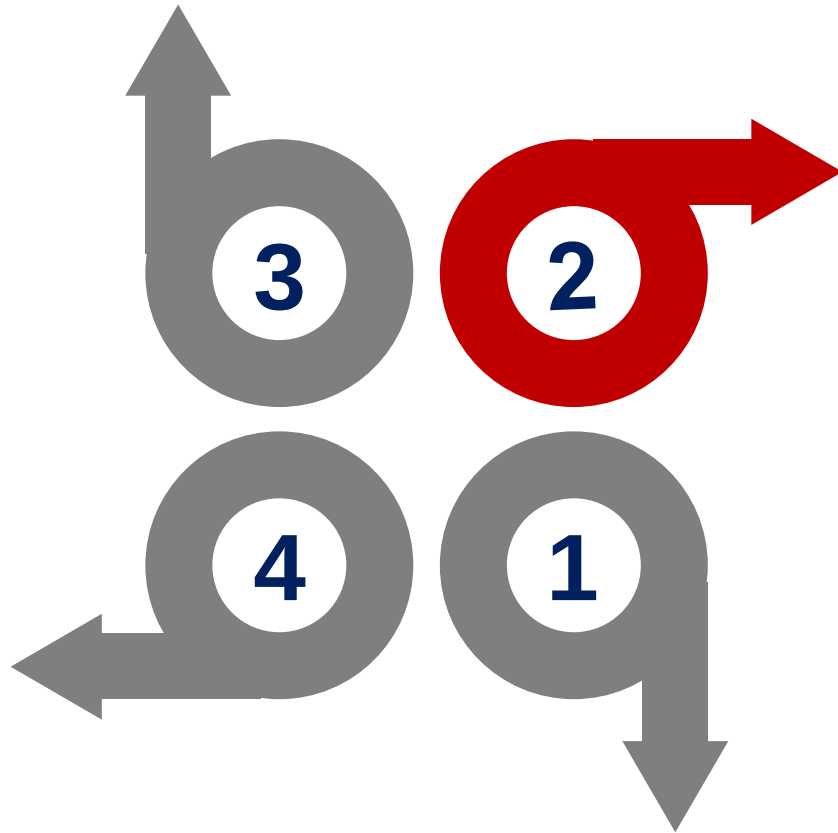

Monitor

- Unit EOC
- State Emergency Operating Centre
- District Control Rooms
- Electronic Media
- Meteorological Deptt.
- Central Water Commission
- NDRF HQ

CONCEPT OF OPERATION

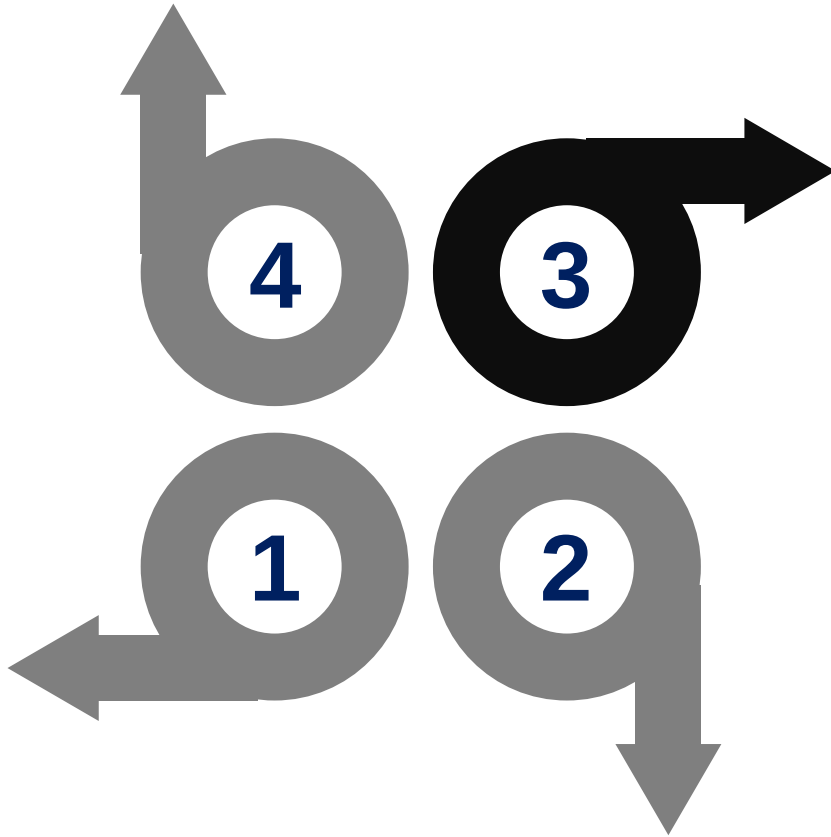

Evaluate

- Identification of hazards
- Determination of the levels of risk associated
- Dissemination of warning
- Understanding of appropriate responses
- Assessment of resource required

CONCEPT OF OPERATION

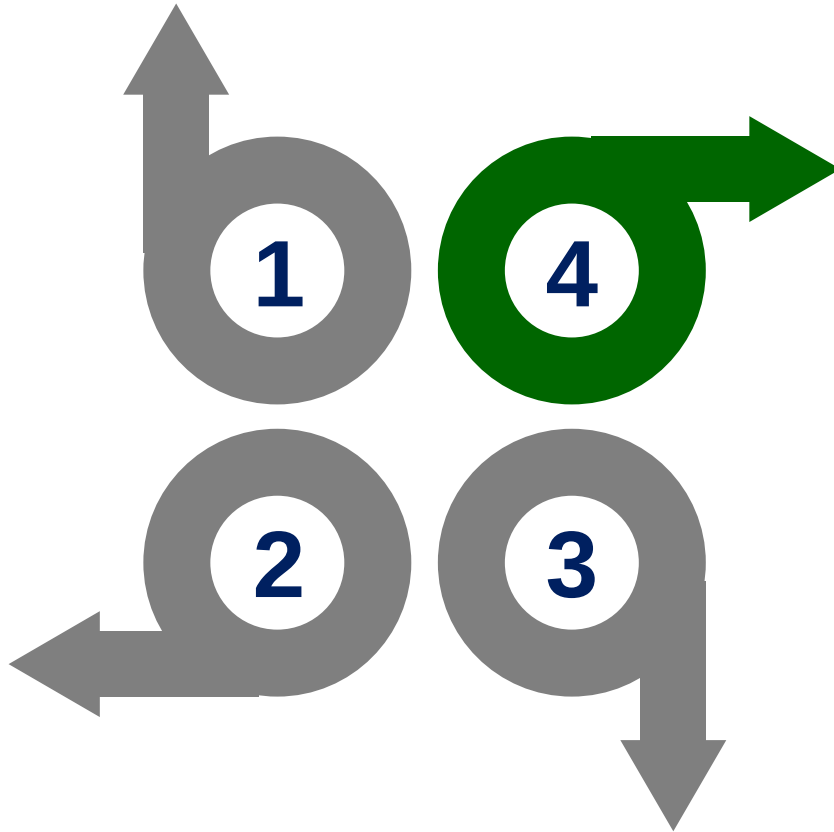

Plan

- Preparation of teams
- Preparation of inventory
- Coordination –
 - ❖ Local administration
 - ❖ SDRF and other org
 - ❖ Route
- Transport
- Priority of operation
- Briefing

CONCEPT OF OPERATION

Act

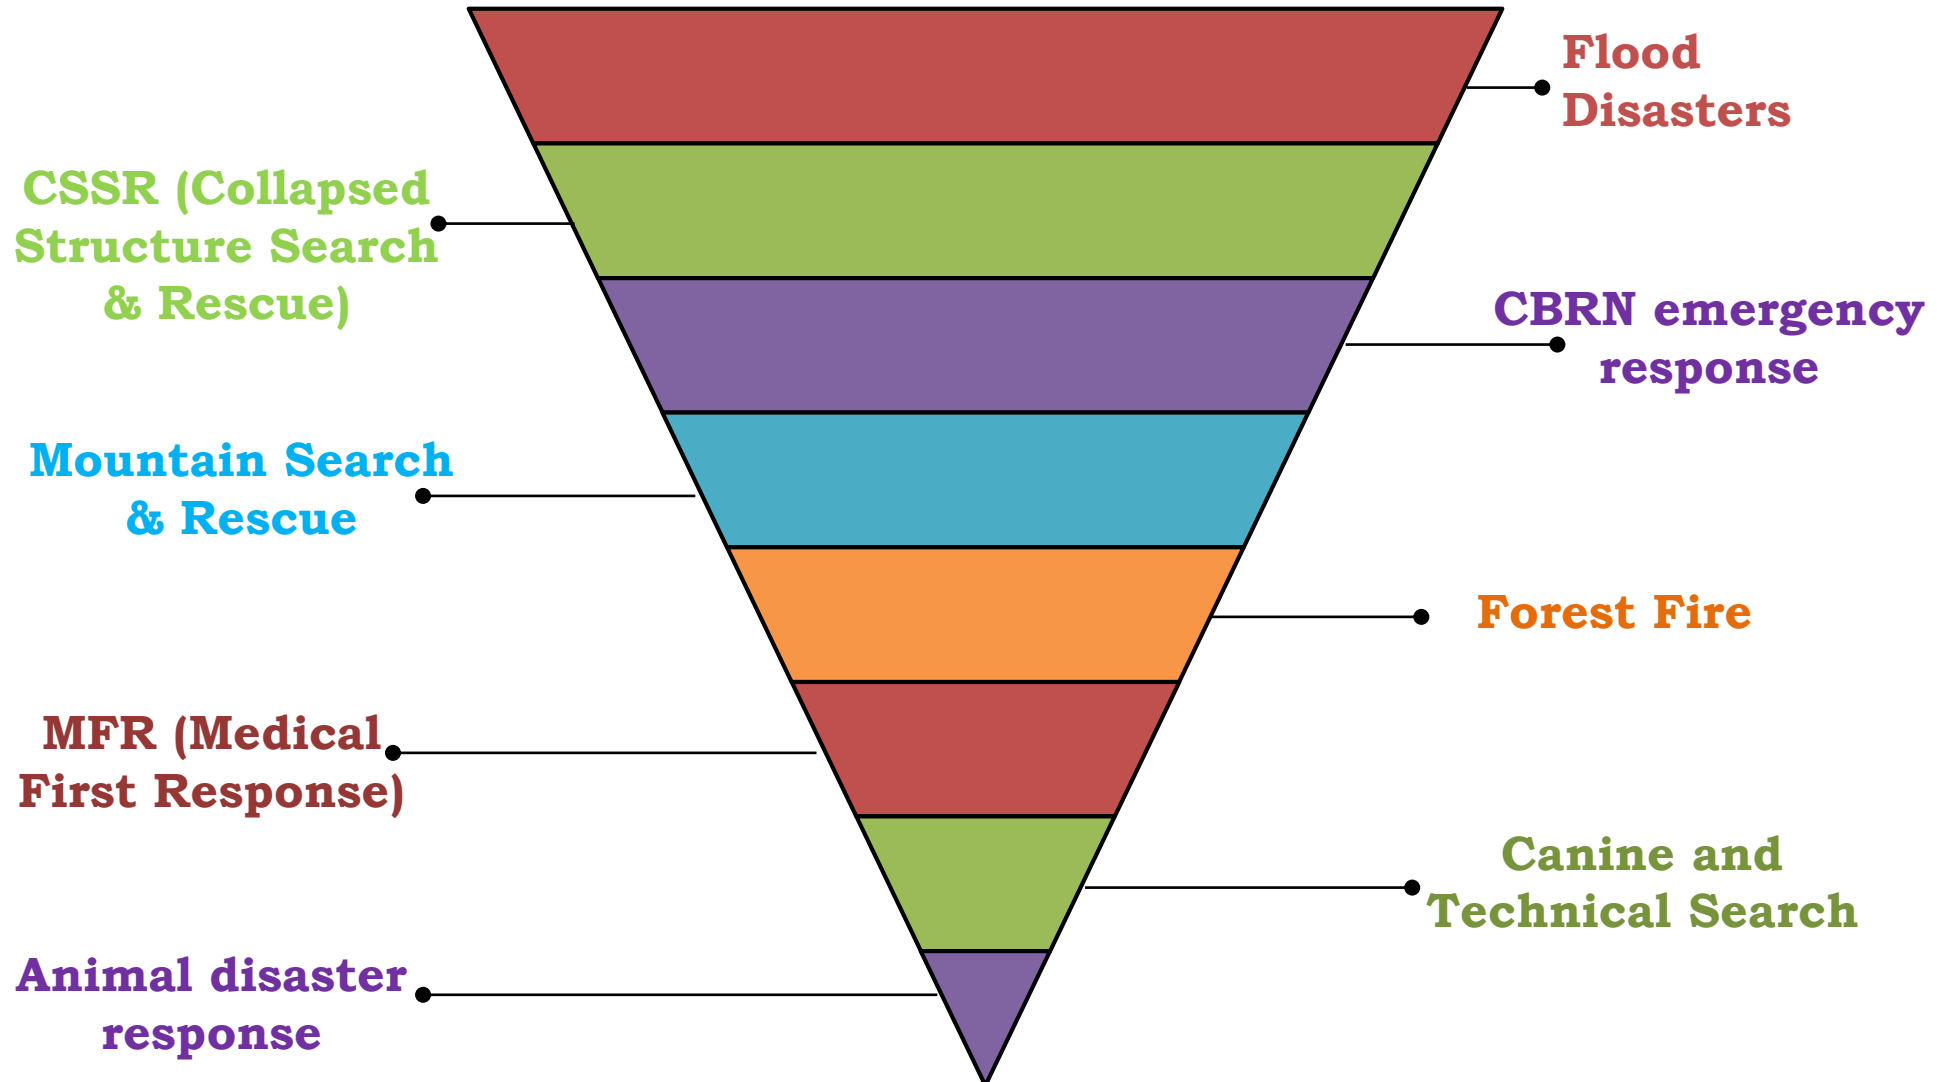

- Access and secure site
- Estb of base of operation
- Triage
- Rescue
- First medical assistance
- Evacuation
- Record keeping and debriefing

TRAINING & CAPACITY BUILDING

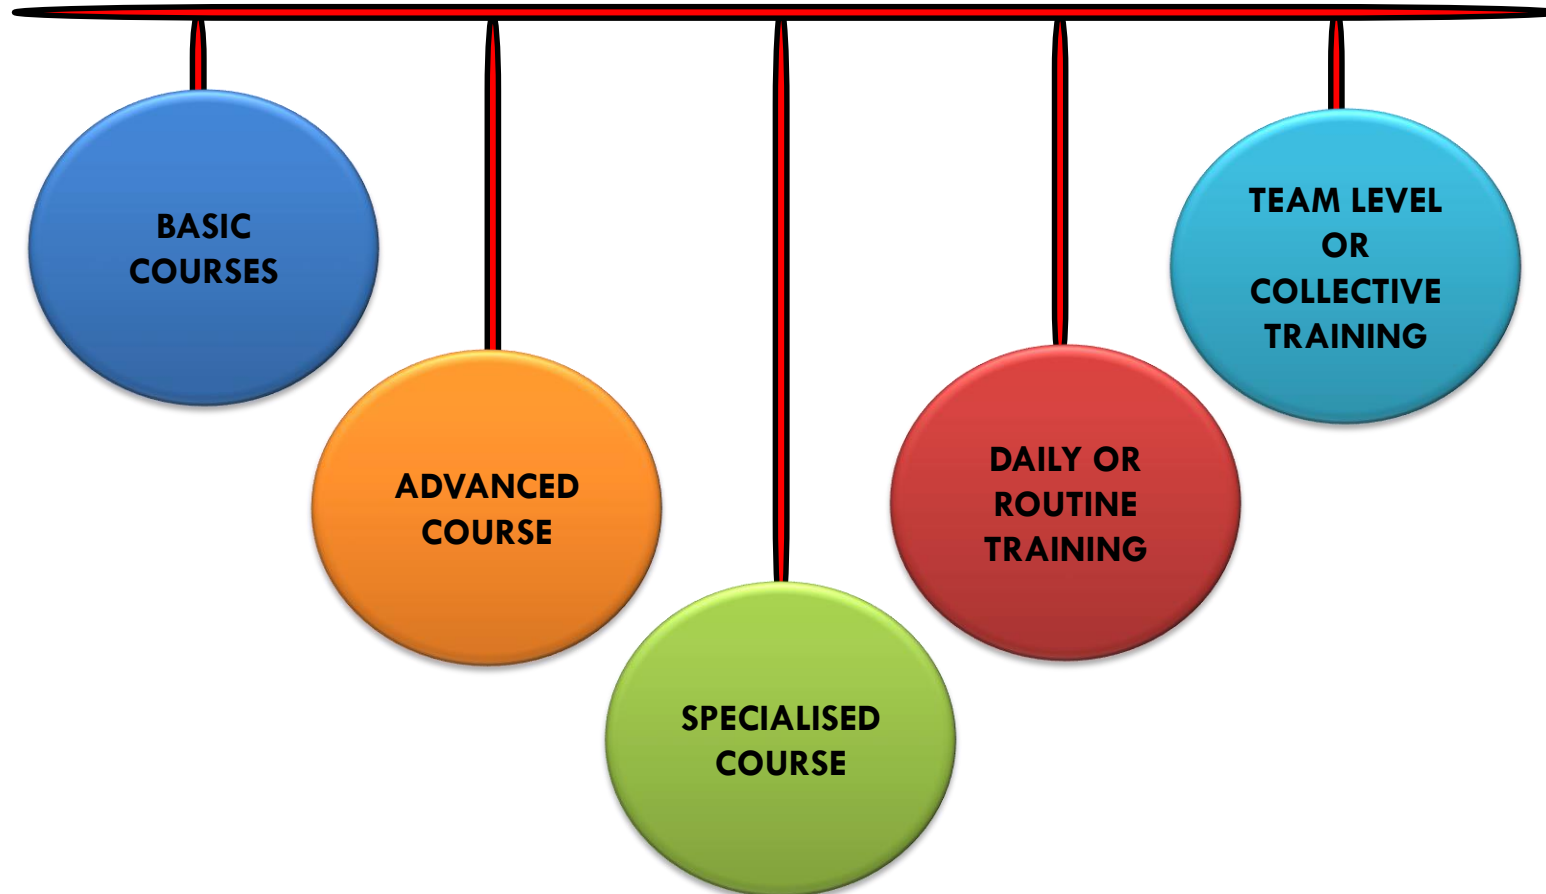

STRENGTH OF NDRF

TRAINING

IN-HOUSE TRAINING

- Medical First Responder (MFR)
- Collapsed Structure Search & Rescue (CSSR)
- Chemical Biological Radiological & Nuclear (CBRN)
- Rope Rescue
- Aquatic Disaster Response Course (ADRC)
- Under Water Diving
- Canine

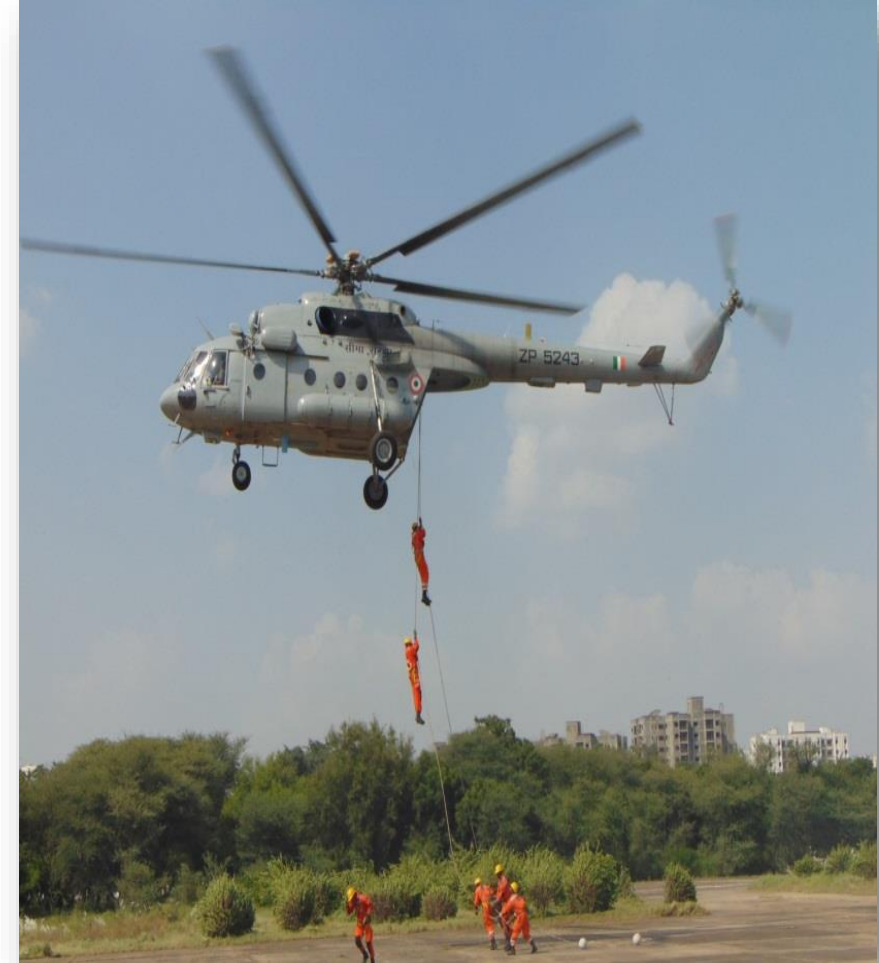

TRAINING FROM RENOWNED INSTITUTIONS

- Heli-Slithering (NSG)
- Mountain/Avalanche Rescue Training (HMI, NIMS, NIMAS)
- Incident Response Training (IRS) – NDMA/NIDM
- Advance Trauma Life Saving (ATLS) – AIIMS
- CBRN (BARC/INMAS/DMI)
- Deep Diving (Navy/Private Inst./SEI/LSSI)

AQUATIC DISASTER RESPONSE TRAINING

CSSR RESPONSE TRAINING

SPECIALIZED TRAINING WITH INTERNATIONAL AGENCIES

SPECIALIZED TRAINING WITH INTERNATIONAL AGENCIES

- ✓ **National Society for Earthquake Technology - Program for Enhancement of Emergency Response (NSET-PEER)** imparting advance training in MFR - CSSR & CADRE (Community Action for Disaster Response)
- ✓ **United States Forest Service (USFS)** imparting training in Incident Response System (IRS)
- ✓ **Swiss Agency for Development and Cooperation (SDC)** conducted training as per INSARAG methodology in Urban Search & Rescue (USAR)
- ✓ **Organization for the Prohibition of Chemical Weapons (OPCW)** imparting training in Emergency Response to Chemical Incidents.

FAMILIARIZATION EXERCISE (FAMEx)

1. To familiarize about vulnerability profile, terrain and topography, demography, hazards & choking points, routes.
2. Asset mapping i.e. availability of resources such as medical support, water points, earth moving equipment etc.
3. Acquaintance with local inhabitants and community
4. Liaison with local officials who are first responders during disaster.
5. One unit conducts 18 FAMEx per year.

INTERNATIONAL OPERATIONS

JAPAN TRIPLE DISASTER : 2011

NEPAL EARTHQUAKE : 2015

KEY NUMBERS

31 countries **2,242** personnel
76 teams **135** K9 dogs
16 lives saved **1,182** medically treated

OVERVIEW

At the request of the Government of Nepal, urban search and rescue (USAR) teams are working around the clock to locate, extract and provide initial medical support to victims trapped by collapsed structures. USAR teams are faced with a complex rescue operation. Daily coordination meetings take place at the Multi National Military Coordination Centre at the Nepal Army Headquarters.

COUNTRY IN FOCUS

 **16** teams **720** total personnel **8** K9 dogs

India: 16 USAR teams with 45 personnel in each team.

INSARAG CLASSIFICATION

The INSARAG community acknowledges the importance of providing rapid professional USAR support during disasters which result in structural collapse. In an effort to achieve this objective and the need to ensure that only qualified and appropriate international USAR resources are deployed to an emergency, the INSARAG community has developed a voluntary, independent, peer review process, the INSARAG External Classification (IEC). To ensure that a USAR team's international response capability remains current and continues to subscribe to the INSARAG methodology, the INSARAG External Reclassification (IER) process has also been endorsed. Taken together these two processes form the INSARAG Classification System.

Creation date: 07 May 2015 Data source: UNDAC

SUGGESTION

- **FOLLOW IRS IN LETTER AND SPIRIT BEFORE, DURING AND AFTER THE DISASTER.**
- **REVIEW THE EXISTING DM PLANS & EMERGENCY ACTION PLAN OF DISTT/STATES.**
- **PREPAREDNESS RELATED TO ALL TYPES OF DISASTER MAY BE INCLUDED IN SCHOOL SYLLABUS.**
- **TRAINING AND MOCK DRILLS SHOULD BE CONDUCTED FREQUENTLY.**

आपदा, सेवा, सदैव, सर्वत्र

What is **doable**

should be **done**

What is **possible**

should be **realised**

What is **difficult**

should be **tried**

THANK YOU !!
